

## SIZE GUIDE

# FIND YOUR SIZE.

Depending on which model you buy, the clothes will fit differently on your body. The Classic and Functional lines have a regular fit, Technical has a tight fit, and Technical Extreme has a slim fit. Check your body measurements against the guide below to find your right size. We recommend you to always try the garment on to ensure the best fit.

In general, Husqvarna carpenter trousers have a wider fit than the waist trousers.

Note! All measurements are body measurements, except the inner leg, which is a garment measurement. If a base layer is to be worn under the garment, it should also be worn when measuring. Chest: measured around the widest part of the chest. Height: from top to toe. Waist: measured around the waist. Inside leg: measured from crotch to desired length. All measurements are in centimeters.
